2. Gather community attitudes and desires for the District.
3. Secure adequate financial support for a sound educational program.
4. Help the community feel a more direct responsibility for the quality of education provided by their schools.
5. Earn the community's good will, respect, and confidence.
6. Promote a genuine spirit of cooperation between the school and the community.
7. Accurately inform the news media.
8. Coordinate with the Chief School Business Official (CSBO) and appropriate administration and staff to provide accurate and timely information to the appropriate individuals during an emergency.

The public relations program should include:

1. Regular news releases concerning District programs, policies, activities, and special event management for distribution by, for example, posting on the District website or sending to the news media.
2. News conferences and interviews, as requested or needed. The Board President and Superintendent will coordinate their respective media relations efforts. Employees may speak for the District only with prior approval from the Superintendent or designee.
3. Publications having a high quality of editorial content and effective format. All publications shall identify the District, school, department, or classroom and shall include the name of the Superintendent, the Building Principal, and/or the author and the publication date.
4. Other efforts that highlight the District's programs and activities.

Community Engagement

Community engagement is a process that the Board uses to actively involve a cross representation of our citizens in dialogue, deliberation, and collaborative thinking around common interests for the District's schools.

The Board determines the purpose(s) and objective(s) of any community engagement initiative. For each community engagement initiative, the Board will commit to the determined purpose(s) and objective(s), and provide information about the expected nature of the public's involvement; the Superintendent or designee will identify the effective tools and tactics that will advance the Board's purpose(s) and objective(s).

The Superintendent will at the Board's request, at least annually prepare a report of each community engagement initiative, and/or (2) prepare a final report of each community engagement initiative.

The Board will periodically: (1) review whether its community engagement initiatives are achieving the identified purpose(s) and objective(s), (2) consider what, if any, modifications would improve effectiveness, (3) determine whether to continue individual initiatives, and (4) review the Board's commitment to participation and engagement in community engagement initiatives.
