

Join us to continue our mission of
TEACH. LEARN. CARE.

While our buildings are being transformed into 21st century learning environments, the focus now turns to 21st century teaching and learning. In the Spring of 2016 a facilitating team, consisting of one board member, faculty, administration, parents, and community members started planning an event to elicit input from the community.

Tuesday, October 25

at St. Malachy's Fellowship Hall from 6:00 - 8:30 p.m.

*Includes a free dinner to those who receive confirmation from the District to attend.
We will only be able to hold 210 participants, so should you be chosen (by lottery),
you will receive a ticket notification.*

Purpose: To engage in a conversation to receive feedback on priorities, concerns, and excitement surrounding characteristics of a quality district for the 21st century. The conversations will center on one or more of the following topics: teaching, learning, business management and operations, leadership and governance, programs and opportunities, and parent and community involvement.

Agenda: Dinner will start promptly at 6 p.m. followed by a discussion held at tables of seven, plus one facilitator. The facilitation team will be taking the information gathered to produce a 21st century school district "job description."

How to participate:

If you are inclined to learn more and provide feedback, please submit your interest at

<https://www.surveymonkey.com/r/learningLEAFinterest>

We need your submittal before the end of the day, Thursday, October 13, 2016, for you to be considered. Remember that you will receive a confirmation should you be selected to attend.
